FIRE DESTROYS RHOME STORES

Half Block Goes Up In Flames Early Tuesday Morn

Early Tuesday morning, about 2:30 o'clock, fire was discovered in the Morris Mercantile Co. building in Rhome, and completely gutted the stone structure, and for a time threatened to spread to the east section of the town. It is estimated that the loss will be above \$25,000. Half a block of business property was destroyed.

The blaze razed Rhome's first stone building, a structure built in 1884 by Col. B. C. Rhome, for whom this town was named. Flames spread rapidly to a frame warehouse in the rear of the stone building and leveled it to the ground.

Of the Rhome building only the east and west walls remained standing at daybreak. The structure housed the Morris Mercantile Company, owned by W. W. Morris and D. G. Morris and the Rhome Mercantile Company, owned by Joe Wren.

The Morris firm occupied two of the four store spaces, Wren occupied one and the fourth was vacant. Three of the spaces were owned by Mrs. J. W. Logan and the other by W. W. Morris. The warehouse was owned jointly and was used by the Morris company.

All losses except that suffered by Wren was partially covered by insurance.

Sparks carried by a wind from the southwest ignited several other buildings, but a quickly formed bucket brigade kept these blazes from doing any damage. Only the thick east wall of the Rhome building prevented the flames spreading to a barber shop and grocery adjoining. It was in this barber shop that Deputy Sheriff Joe Brown was shot to death by Glen Hunsucker and Ed (Perchmouth) Stanton.

The fire was discovered about 2:30 o'clock Tuesday morning and those first to arrive at the scene said the flames were leaping from every window of the Rhome building. Origin of the fire had not been determined several hours later, and officials plan an investigation, on conjecture that robbers might have fired the building to cover traces of their crime.

Electric light and telephone service was damaged, but a call a half hour after the start of the fire reached Decatur and brought that town's volunteer fire department truck to the scene.

The vacant store space in the Rhome building usually was used as a polling place and election officials set up the voting box in a downtown business house for Tuesday's election.

In the cabinet, he becomes obsessed, or possessed with the ailment that made Caesar a little top-heavy, according to public pronouncements of Mr. Brutus, later by Marc Anthony, and ambition is liable to wither and wilt, is destroyed and dissipated like the mist before the genial rays of a sultry sun, if not fed and fattened on surroundings and environments conducive to importance. So and by.

When some half dozen negro "gamesters" were brought before Judge Brady in county court Tuesday, charged with playing the seductive game of "black jack" and "poker," they were given a lecture they will not soon forget. When the charges were presented, and the games named, the judge stated he was surprised, and resentful, that the six negro men had dared to encroach upon the rights, prerogatives, etc., of the white race by engaging in black jack and poker. "Those games are the white man's pastime," stated Judge Brady, "and you negroes have committed a grievous violation of society by usurping the rights, etc., of the white race, and I unhesitatingly assess fines against every one of you. If you will sport, stay with your crap shooting, and don't ever let me see you before this court charged with invading the province of the white race by engaging in card games." The negroes promised to pay off promptly, and as they went in to square off with the officers, they were heard to remark, "no more black jack or white jack for us. That judge knows us niggers."

Roosevelt Administration Given Big Endorsement By Country

Texas voters Tuesday rejected eight constitutional amendments, most of them by overwhelming majorities.

They rubber-stamped approval by vast majorities on democratic state and congressional nominees.

In Dallas and Tarrant counties they upheld the legal sale of beer by majorities of two to one.

D. E. Waggoner and U. S. Goen, republican nominees for governor and United States senator respectively, conceded election to their democratic opponents, James V. Allred and Tom Connally, almost as soon as the polls closed Tuesday night.

The vote in Wise county was light; apparently the sovereigns being too busy with other matters to become aroused. The vote in Decatur boxes was less than one-third of normal vote. It is believed that all amendments were voted down.

Republican retreat became a rout Tuesday as unprecedented democratic victories in the off-year election spread from the Atlantic seaboard to the west.

Disorganized republicans so far have saved from the flood tide of democracy only three or four United States senators, five governors and a weak majority in the house.

The national government is uncontestedly democratic. Actual New Deal congressional majorities can be ascertained only when party loyalties are put to the test of bitterly controversial legislation this winter.

But President Roosevelt has won a record making vote of confidence. The democratic party is in power today as it has never been before. The republican party is weaker than at any time since the civil war.

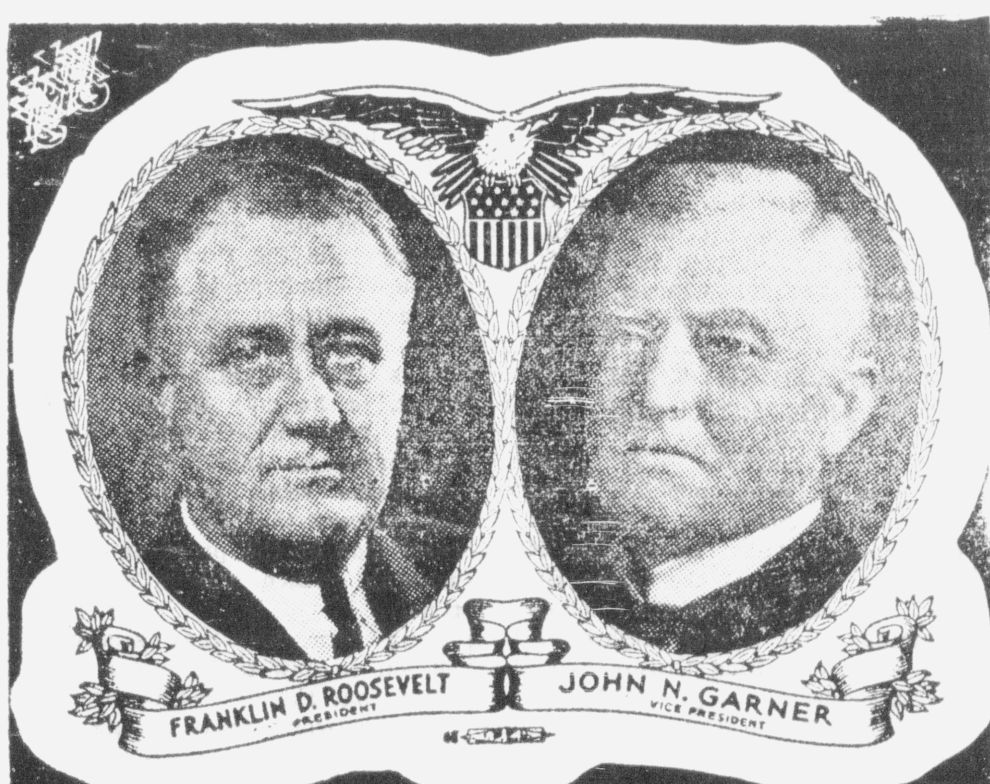

Republicans in Pennsylvania surrendered Senator David A. Reed, the enemy, Joseph P. Guffey, democrat, New Dealer, won the seat. Roosevelt today is triumphing in a fundamental thought into the heart of the new economic day, the new striking is the possibility of a new Roosevelt's fight today to the edge for the same cause a century ago by Andrew Jackson.

A hundred years ago a money power under the leadership of Nicholas Biddle assumed the right to dominate the government and exploit the people—and for a time did. Then, as in the recent days of the Old Deal, the plan was to regiment the masses for the easy plucking of the privileged. This invisible government held court in the nation's capitol. Biddle summoned senators and congressmen to him by a snap of the finger and they bowed low to pay him homage.

Senator Hamilton F. Kean, republican, monstached millionaire, went down in New Jersey before Gov. A. Harry Moore, democrat.

Indiana voted Senator Arthur Robinson, republican, a bitter foe of New Deal policies, to private life and gave Sherman Minton, democrat, New Dealer, his place.

Senator Roscoe C. Patterson, republican, founded in the first rush of Missouri ballots. Harry S. Pendergast's Kansas City machine will succeed him.

Senator Felix Herbert, republican, Rhode Island, lost to Peter G. Gerry, democrat.

Sixty-seven democrats are assured in the next senate—more than a two-thirds majority—and the figure may rise to 70. The best the republicans can hope for now is 27 senators.

"When Jefferson was fighting privilege and for equal rights for all of the people the republicans called him a Jacobin and pictured him with a red cap on his head," said Chairman James A. Farley of the democratic national committee in a speech at Scranton, Pa. "Franklin D. Roosevelt today is triumphing in a fundamental thought into the heart of the new economic day, the new striking is the possibility of a new Roosevelt's fight today to the edge for the same cause a century ago by Andrew Jackson."

A hundred years ago a money power under the leadership of Nicholas Biddle assumed the right to dominate the government and exploit the people—and for a time did. Then, as in the recent days of the Old Deal, the plan was to regiment the masses for the easy plucking of the privileged. This invisible government held court in the nation's capitol. Biddle summoned senators and congressmen to him by a snap of the finger and they bowed low to pay him homage.

Senator Roscoe C. Patterson, republican, founded in the first rush of Missouri ballots. Harry S. Pendergast's Kansas City machine will succeed him.

leged few had a strangle hold on the entire country. Thru its despotic control of credit it was able to intimidate business men into doing its bidding. Thru its numerous agencies of publicity it expected to frighten the people into the desertion of their great leader by misrepresentation. Jackson was pictured as a "red"; they said he was a "socialist" and claimed he had trampled on the constitution. They bought every purchasable pen and organized little societies to publish resolutions. They did not scruple to use the cowardly weapon of intimidation on labor.

"And they failed—because the average American in the days of Jackson had the courage, the spirit, the self-respect and the intelligence to get behind the leadership of Andrew Jackson. When the privileged said Jackson was trampling on the constitution, the people knew that they meant he was denying to privilege the right to exploit the public. When the Old Guard of that day said Jackson was a socialist experimenter the people knew that what they really meant was that he was smashing the superstructure of special privilege and recapturing the covenant of the people's rights. There is not a thing the critics say against Roosevelt now that was not said about Jefferson in his day and against Jackson in his time."

"And what did the people do then? Precisely what they are doing now—they closed ranks regardless of party and marched in solid column behind a leader they could respect and trust. Jackson's victory moved his

EAGLES DEFEAT BELLEVUE TEAM

Locals Swamp Visitors In Fast Game Here Friday

Led by Bull Workman, the Eagles of Decatur High soared to a 25-0 victory over Bellevue on Penn O. Dickson field last Friday night. The Eagles tallied twice in the first quarter and twice again in the final period. Early in the game Bull intercepted a Bellevue pass and raced fifty yards thru a broken field to a touchdown. Later in the same period, Spain, White and Workman carried to Bellevue's five yard line from where Spain drove over for the second counter.

Thru the second and third quarters the game was marked by the defensive battle of both teams. Neither could gain an advantage, and the game was played on the north end of the field as a stiff south wind made it impossible for the south-bound team to kick out. Several punts looped almost straight up and bounced backward when they hit the ground.

In the fourth quarter the Eagles again opened up and hung up their third and fourth touchdowns. These scores were made in runs of fifty and forty-five yards by Workman. During this period the Eagles blocked every Bellevue effort and themselves marched thru the center of the line in a steady advance.

This week the Eagles play Alvord in a return match at Alvord. The game will be the first day game of the season for the Eagles. Alvord is pepped for the game and threatens to take the Eagles into camp.

Mass Meeting Friday Night at M. E. Church

There is to be a mass meeting at the Methodist church in Decatur Friday evening at 7:30 for the purpose of explaining the movement to care for the crippled children. Mr. Twitty of Baylor hospital and Mr. Ashcroft, state president of the society for crippled children will be the speakers. The public is invited to come out and attend the meeting.

Bridgeport Bullies To Play Jacksboro Here

Bridgeport Bulldogs and the eleven gridsters from Jacksboro will lock horns in a conference football game on Penn O. Dickson field in Decatur Friday night, Nov. 9. Both schools have well-balanced teams and a good game is in store for the fans.

Jacksboro has not defeated Bridgeport in four years, and they plan to give the Bullies a good licking this year. Bridgeport is determined to make the record stand for a fifth year.

Officials for the game will be Rocky Ford, referee; A. B. Lee, head linesman; and J. T. Watson of Ohio umpire. Admission prices will be 20c for high school students and 35c for adults. Time—7:30; place—Penn O. Dickson field.

Pioneer Denton Citizen Buried There Wed.

Funeral services for Ernest Cocanougher, who died at his home Tuesday afternoon, were held Wednesday afternoon at 2:30 o'clock in the First Baptist church, conducted by the pastor, Rev. J. D. Grey, and attended by a large number of friends of the city and county. A quartet composed of J. W. Pender, Lattimore Ewing, R. B. Neale, Jr. and F. M. DeLoach, sang "When the Mists Roll Away" and "Rock of Ages". Burial was in L. O. O. F. cemetery, and pall bearers were L. L. Fry, Jack Christal, Jim Goode, W. C. Orr, R. H. Hopkins and W. A. Harris.

Relatives from out of town attending the services included Mrs. Lettie Bates of Dallas, Mr. and Mrs. Charles Cocanougher and children of Decatur and Mr. and Mrs. George Cocanougher of Erick, Okla., all brothers and sisters.—Denton Record-Chronicle.

country from plutocracy a century ago. And the victory of Roosevelt, the Old Hickory of the 20th century, is saving the nation from the stupid destructive appetite of privilege today.

Turkey Market Opens; Decatur Chief Market

And here starts the ingress of Christmas money!

Next week about the tenth of the month, which is Monday, the big fall turkey market will open up in Decatur.

Feathers will begin to fly at the dressing plants here and the proud gobble of the big strutting birds will begin to die down into silence on the farms. And soon the big toothsome carcasses will be off in ice-cars to Chicago, New York and Cincinnati for the replenishment of the holiday tables of the elite.

About ten cars were dressed and shipped from the Decatur plant last year. That was about two-thirds of the county production which returned to the county as a whole about \$25,000 in cash of the realm. The annual income from the sale in turkeys from Wise county ranges from \$35,000 to \$50,000.

Decatur has the only dressing and cold storage plant in the county. It furnishes employment in the dressing season for about 100 people for approximately twenty days and pays to each an average of \$3.00 per day for work.

The dressing plant gathers the most of the fowls at the farm, paying cash at the farm for the bulk weight of fowls that are delivered. Local county citizens who own trucks are employed in the process. As much of the money as possible is thus kept in the county.

Two enterprising hustlers for business will direct the Decatur end of the dressing transaction this year, Bob Mann and Esper Walker, groceryman. Other local agents will also have a share in the movement.

Mann and Walker have already chartered eight trucks and buyers to operate in one major section of the county and others for other parts are under negotiation. Such a direct pick-up and pay-off convenience is expected at the farm this season to concentrate a larger tonnage of business at the local plant than ever before.

Before this year are expected to be as plentiful in numbers but possibly not so developed as to quality as last year, owing to the shortage of feed. But the full price current will be paid. Turkey raisers are learning to aspire for quality since the differential between number one and number two grades amounts to something like five cents a pound.

So the holiday money will soon be on the road coming in. Little Sammy is going to get a brand new red kiddy car and little sister a great big new doll because they did their part last spring playing detective on the old turkey hens who stole off in the weeds and brush to lay their eggs, coyly detouring from side to side designedly for grasshoppers and bugs, but in reality to throw on-lookers off the track.—Reporter.

HOGWASH NEWS

By Dr. Skygag

The oldest boy of Old Jeff Hard-luck has again added another feather to his cap and brought fame to Hogwash community. Young Jeff, or "Skeet," as he is better known among his friends of the younger set, won fame last year in the football team, he and Mayfield (Bull) Workman tying on all the high scores.

The feat that pinned the laurels on Skeet's brow this time is a speedily stunt he pulled on Thursday a last week out in the Lubbock country—catching a prairie dog before he could get back in his hole. Skeet had never seen a prairie dog before and he wanted one for a pet. Some of the boys out there told Skeet that it was a great sport to shoot prairie dogs but they always fall back into their dens before one can get to them. Skeet argued that the reason the folks out there could not get the prairie dog after they had shot him was because they were just naturally too slow in getting to the dog after he was shot. This kind of talk put his friends on their mettle, and they made up a posse of fifty dollars and bet it to Skeet that he could not go out and get one prairie dog in ten shots.

This line of talk aroused Skeet's sporting blood and he called the bet. He was given a double barrel shotgun and a box of shells and all hands went out to a dog town near at hand. The first dog that showed himself stood at the door of his den at a distance of two hundred yards from the boys and dared anyone to shoot him. This was more than Skeet could stand so he cut loose with both barrels, threw the gun down and made a swift dive for the dog. He attained such speed on this run that he passed the load of shot on the way and just as he arrived at the dog hole and stooped to grab his prize the load of shot caught up with him and buried itself in a plug of Brown Milk chewing tobacco in his hip pocket, almost ruining the tobacco and making a complete wreck of the profile of the pants. But Skeet came up laughing with the dog in his arms, collected his fifty dollar winnings,

Favorites Being Picked For Downs Classic

Fort Worth, Texas, Oct. 7.—Early odds for the 1934 renewal on Nov. 10 of the \$10,000 annual Waggoner Handicap, quoted by commissioners at this time make Clarify and Strideaway favorites to annex the coveted stake. Both horses are laid at five to one, sought choices over the Three D stock farm's record-breaking performer, Money Getter. Following his recent victory when he negotiated the Waggoner Course, 1:10 and 3-5, the odds on this three-year-old son of Phalaros-American were shaved to six-to-one.

Quoted at ten-to-one are Pot an Brooms, a fast going fourth in last Saturday's Arlington Handicap, and Ben Falt. Failure of W. C. Strouber last named colt to train to expectations is responsible for these apparently long early odds. On the Chicago oval he proved one of the best of his age, whipping practically every good three-year-old in the country with the exception of Cavaleade and Discovery.

Royal Blunder is next in favor at fifteen to one, followed by Ted Clark, My Dandy, Wacocho, Wild Turkey, Golden Way and Wise Ways, balanced at 20 to 1. The odds lengthen to the 500 to 1 quoted against the chances of Delano and Die Hard, the extreme outsiders of the classy field.

Ted Clark cracked the track record for a mile in the Arlington Handicap when he raced the distance in 1:36 and 4-5. Wild Turkey, the only filly to be named for the Waggoner Handicap, won many friends in that same race when she finished fifth to Ted Clark, Noah's Pride, Clarify and Pot an Brooms, all handicap eligibles.

Azucar and Flying Cadet, each a 30 to 1 shot at this pre-handicap writing, will find their odds considerably shortened should decision suddenly be made to ship them to Texas. Azucar is the Fred Alger, Jr., six-year-old which proved a sensation first over the jumps and later on the flat. Both horses are now at Narragansett Park.

Quatra Bras II, coupled with Strideaway, Money Getter and Sand-wreck as the Three D stock farm entry, is another long-priced fellow at 50 to 1. A prime choice of Arlington Downs racegoers, he has not trained to W. W. Wallace's complete satisfaction, and present indications are that the burden of carrying the red, white and blue Waggoner silks to victory will gravitate to the shoulders of Strideaway and Money Getter. Both of these are in good condition, attested to by recent speedy workouts.

With 30 of the 34 handicap eligibles ready at Arlington Downs, one of the largest fields of the Autumn season is expected to face starter Roy W. Dickerson on Nov. 10, Handicap day. Wide interest in the race is being evidenced thruout Texas and the southwest and a crowd that may equal, if not exceed the Texas Derby outpouring of 30,000 is anticipated to witness the 1934 renewal of the \$10,000 stake.

NEW STARRING TEAM FEATURE COMEDY SHOW

A brand new, popular, starring combination comes to the screen in Paramount's "She Loves Me Not," the film version of the smash Broadway success. The picture comes on Thursday and Friday nights to the Majestic, with Bing Crosby and Miriam Hopkins in the principal roles.

Acting the role of a love-sick, chivalrous Princeton student, Crosby sings and wows his way to the great romance with the daughter of the university dean, after Miriam Hopkins, as the madcap, flamboyant little nightclub dancer, enters his life, and leaves him a sadder but wiser college lad.

Beginning with an utterly fantastic and ludicrous situation, the film in its rapid progress pokes derisive fun at colleges, the motion picture industry, the newspapers, communists, gangsters and most of the familiar American institutions. Yet there is not a trace of rancor or bitterness in its sparkling comedy.

Italy has announced an appropriation of about \$100,000,000 for "extraordinary" expenses connected with its aerial defense.

Ohio is considered the best arm-marked state in the nation, and has begun distribution of \$8,000 worth of yellow and black paint for 1,000 additional air markers.

and declared to the world that he always got what he went after. Old Jeff, Skeet's dad, is a proud father today and well he may be. He brag that Skeet, even as a little shaver seven years old, could catch any jack rabbit in the country if he could get the wind behind his ears and just a little down hill run.

Folks of Hogwash community are secretly proud of Skeet and join with his parents in celebrating the home-coming of such an illustrious one. Many predict that Skeet can be elected to any office within the gift of the people should he ever decide to run.

Dr. and Mrs. J. C. Gose Celebrate Gold Wedding

Dr. and Mrs. J. C. Gose, former citizens of Decatur, but now living at Krum in Denton county, celebrated their golden wedding anniversary on Oct. 21, 1934. Dr. Gose was principally raised in and near Decatur. Mrs. Gose, nee Mrs. Annie L. Chance, was the daughter of the late Mr. and Mrs. J. C. Chance who lived on Pecan creek, six miles north of Decatur. They had as their guests Mr. and Mrs. Paul S. Gose, P. Oyama Gose, Mr. and Mrs. Herman M. Muncey, Paul H. Muncey and Bobby Jack Muncey, all children, grandchildren or great-grandchildren of the host and hostess.

The wedding cake was three stories high and had the usual fifty candles on it, which were blown out by the two little great-grandsons.

Boy Scout Movement Makes Great Strides

The story of how the Boy Scout program has been developed to serve rural boys was received this week from Joe Thannisch, of Arlington, who is chairman of the rural scouting committee of the Fort Worth area council.

Back in 1926 the national council found that there were 1400 scout troops in small towns and that many of the scouts in these troops were farm boys. The study further revealed that it was hard for the rural boy to fit into the program of the town boy because the work of the farm boy and his free time did not match that of the town youth.

A committee was appointed to study the needs of rural boys and their program of scouting to see how the program could be enriched and developed for maximum benefits to rural boys. The committee made its study and made definite recommendations to the national executive board and the farm program was written into the work of the movement.

To lead in this work the national council secured the services of O. H. Benson as national director of rural scouting service. Benson is the father of the 4-H Club program, inventor of the cold pack method of canning, and has been identified all his life with rural programs. He was a country school teacher, and county superintendent, and directed the national 4-H Club work for ten years for the federal government.

Working with a committee of 15 outstanding men known nationally as agricultural men the "rural" scout program was gone over to make it adaptable to farm boys. The scout handbook was revised. So well was this work done that today the scout program is full of things having to do with farm life. There are 45 merit badges in farm subjects.

It has been found that city boys are equally interested in farm subjects and one great good that is coming from the rural scouting work is better understanding on the part of town boys of rural problems.

As it is now a farm boy may join the scouts individually as a Lone Scout, or he may belong to a Lone Scout tribe which meets at a time convenient to him. He carries on the same scout program as other boys except that he follows out the rural side of the program on a time schedule which fits with his free time.

Any farm boy may secure information on how to become a scout by filling out the coupon below. A boy must be twelve years of age or older to be eligible for membership.

Fort Worth Area Council, B. S. A. 216 Majestic Bldg., Fort Worth, Texas.

Please send me information on how to become a Lone Scout.

"MISS MARKER" STAR APPEARS IN SHOW HERE NEXT WEEK

Shirley Temple, the sensation star of Paramount's "Little Miss Marker," returns in another Paramount picture which affords even more scope for her angelic talents. It is "Now and Forever," coming next week to the Majestic, in which the five-year-old is starred with Gary Cooper and Carole Lombard.

Adapted from an original story by Jack Kirkland and Melville Baker, "Now and Forever" not only permits Shirley Temple to exhibit her talents as an actress, but also gives her an opportunity to display her unusual gift for singing and dancing.

Lemons for Rheumatism Bring Joyous Relief

Want to be rid of rheumatism or neuritis pain? Want to feel good, years younger and enjoy life again? Well, just try this inexpensive and effective lemon juice mixture. Get a package of the REV PRESCRIPTION. Dissolve it at home in a quart of water, add the juice of 4 lemons. A few cents a day is all it costs. If you're not free from pain and feeling better within two weeks you can get your money back. For sale, recommended and guaranteed by all leading druggists. Any druggist will get the REV PRESCRIPTION for you.

LOCAL NEWS

Mrs. L. W. Tyler is reported on the sick list this week.

John A. Simmons of San Angelo, visited his family here first of the week.

Jimmie Moore of Fort Worth visited friends and relatives here Thursday and Friday.

Grady Peyburn of Stephenville, visited here over the week end.

Mr. and Mrs. Tom Coffman of Paradise, were Decatur visitors Tuesday.

Miss Mary Ann Carter was a Dallas visitor Saturday.

Mr. and Mrs. Clyde Slimp of Rhome were in Decatur later part of the week. They have recently returned from a visit thru Arkansas, Tennessee and Kentucky, spending some time in the community in Tennessee, native state of the parents of Clyde. "I admit as true everything the people back there claim for those states," stated Clyde, speaking of his visit, "and I have heard much about them, but they fall far short of Texas." Mr. and Mrs. Slimp and children will move to Decatur in a short time, and on the first of January Mr. Slimp will take up his duties as assessor-collector.

Friendship Fundamental Baptist Church

Claud Pounds, Pastor

Sixty-nine present at our Sunday school. The pastor preached at the morning hour; subject, "Predestination." Next Sunday is our regular day.

Bro. Loys Vess of Cleburne, will preach at the church Friday night. Our regular prayer meeting night. Come out to the house of God and worship with us.

terest which G. J. King and wife, Frances L. King, M. G. Whittington and wife, Minnie B. Whittington, J. J. Marshall and W. R. Ross had on the 14th day of October A. D. 1919 or at any time thereafter, of, in and to the following described property, to-wit:

Being 1436 acres, more or less, situated in Wise County, Texas and being part of the Van Zandt County School Land known as the King and Whittington Ranch, and

Being the same land described in a deed of trust from G. J. King and wife, Frances L. King, and M. G. Whittington and wife, Minnie B. Whittington, to H. W. Ferguson, Trustee, dated the 14th day of October, 1919, and now of record in Vol. 32, Page 239 of the Deed of Trust Records of Wise County, Texas.

Said property being levied on as the property of said above named persons and will be sold to satisfy a judgment amounting to \$24,663.12 against G. J. King and M. J. Whittington, jointly and severally together with 8% interest thereon from 12th day of September, 1934, in favor of The Dallas Joint Stock Land Bank of Dallas, and costs of court and the further costs of executing this writ:

Given under my hand this 26th day of October, A. D. 1934.

C. M. QUINN-BERRY,
Constable Prec. No. 1, Wise County, Texas.

WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fail to remove the poisonous body wastes.

Then you may suffer from backache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains; feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use Doan's Pills. Doan's are for the kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off the irritating poisons. Doan's are recommended by users the country over. Get them from any druggist.

Great Waggoner Handicap Saturday Feature

The victories at Arlington Downs on Saturday of Clarify and Our Count, nominees for next Saturday's renewal of the \$10,000 added Waggoner Handicap, have installed them among the choices to annex the Nov. 10 running of the stake. Clarify atoned for recent defeats when he whipped a proud field of sprinters while Our Count scored at a mile over a number of handicap eligibles. Clarify has always been much at home over the Arlington Downs course, and, barring any setback in training, is a certain starter in Saturday's fixture, according to his trainer, W. C. Stroube.

Our Count is the first foal of Reign Count-Anita Peabody, and his victory in the Dallas Handicap was perhaps the most spectacular in his brief career. He favors a long distance race, and the nine furlongs of the Waggoner Handicap will be, to use the vernacular, "right up his alley". A highly regarded prospect at the age of 2, he was taken by H. C. Runnige, his present owner, via the claiming route and has since developed into a three-year-old of considerable class and speed.

While the Waggoner Handicap will necessarily be the tastiest dish on next Saturday's turf menu, facing Secretary Charles McLeenan plans to surround it with several additional features which will make Waggoner Handicap Day a memorable one in the minds of Texas racegoers. A two-year-old handicap at one mile and a sprint affair for the better-classed players will be the secondary attractions.

A large attendance is expected from East Texas and from Houston and San Antonio, with special excursions being run to Arlington Downs on Saturday afternoon from those points, carrying race-minded citizens to the track. The event is exciting considerable attention throughout Texas, for the field is almost certain to be the classiest that ever faced a barrier in the Lone Star state, with the list of probable starters increased to 18 by the sudden improvement of Clarify. The 90th Division, meeting in convention in Fort Worth, will be guests of the management on handicap afternoon, swelling the attendance considerably.

Paradise Citizen Gives Party to Neighbors

The members of the Christian church in Paradise enjoyed a dinner party given in the home of Dr. and Mrs. T. B. Peck Wednesday night.

Halloween symbols in traditional orange and black were used in decorating the lovely home. Ghosts, witches, hideous black cats and grinning jack o' lanterns came forth to aid in the frolics. The shadowy haunt of the crazy house and the mysterious fortune telling tent lent to the spooky atmosphere.

Special music was rendered by Mrs. Lee J. Harms and Miss Inez Moody accompanied at the piano by Mrs. Eason. Various games arranged by Mrs. Gumpson and Miss Hill were played and a number of prizes given.

Sandwiches, pies and cakes were served to about 140 guests. The occasion was enjoyed most highly by everyone present.

Notary Public, Wise County, Texas

McCurdy Farm Scene of Big Celebration

County agents, vocational agriculture teachers, C. C. C. personnel, Decatur Lions Club and friends of agriculture generally co-operated to stage a great agricultural field day Wednesday, November 7, at the farm of Master Farmer R. Cal McCurdy in the Blawett community of Wise County.

On the McCurdy farm the largest single unit C. C. C. job in Texas to date is under construction. Forty-three miles of terraces and sixteen miles of control ditches are now under construction. In addition to the work of the C. C. C. organization in soil erosion control, special features of farm management as practiced by this master farmer were featured to those attending.

With the C. C. C. foremen serving as guides, inspections of the extensive work on the farm were conducted both in the morning and afternoon. At noon, after a short word of welcome from C. P. Dodson of the Decatur Lions Club and invocation by Captain Hardin, chaplain of the C. C. C. camp at Boyd, free barbecue was served to all present; after which the program for the afternoon was opened by the Wise county agent, Guy Powell, who expressed his appreciation to all who had co-operated in making this work possible.

Mr. Powell introduced R. L. White, superintendent of the C. C. C. camp

at Boyd, who explained the work on the farm and how other farmers in this section might avail themselves of the benefits of the work being done by the Boyd camp.

The work of the C. C. C. camp done on the McCurdy farm was highly praised by U. S. Allison, state technician of C. C. C. Other speakers of the afternoon on the subject of soil erosion control were: H. O. Hill, engineer of soil erosion service at Temple, Texas; J. L. Moses, vocational agriculture teacher at Justin; Paul Dunkle, superintendent of the state experiment station at Denton; E. A. Mihre, agent of the state extension service; W. R. Bentley, extension agricultural engineer, and Mr. McCurdy.

Brief discussions of the agricultural adjustment act and the benefits that have been derived thereunder to the farmers of the south, were given by G. W. Orms, district agricultural agent, and John Gorham, member of the state allotment board.

First Christian Church
Rev. J. Owen Hussey, Pastor

The First Christian church will entertain with a party for the members at the church Friday evening at 7:30 o'clock. Each member will bring a guest.

A Sure Way To Prevent Winter Trouble for Motorists OF DECATUR

Special Winter Grades of Germ Processed Oil Give Positive Starting, Improved Gasoline Mileage and Utmost Motor Protection!

Change now to the proper grade of New and Improved Conoco Germ Processed Motor Oil. You'll get:

1. **Positive Starting.** These new lighter grades permit your motor to reach higher "cranking speed." You save your battery. You choke less—waste no gasoline.
2. **Definitely more miles per gallon of gasoline.** These lighter grade oils flow freely and minimize friction.
3. **Utmost Motor Protection.** Other oils drain away, leaving parts unprotected when you start. Only Conoco Germ Processed Oil penetrates and combines with metal surfaces, forming the "Hidden Quat that Never Drains Away." Every part is fully oiled from the first turn of the motor. It cuts down starting wear—saves repair bills!

Conoco dealers and stations have the new Winter Grades, namely, 10 W and 20 W—heavier grades, too—in refinery-sealed cans and in bulk. Consult the Conoco chart, fill with the proper grade—and stop worrying!

PETER MOLYNEUX
Peter Molyneux, editor of The Texas Weekly and widely known economist, told the Academy of Political Science in New York Nov. 7th that international cooperation is the only safeguard of peace. Mr. Molyneux (above) shared the subject, "The Outlook for World Peace", with Newton D. Baker at a banquet presided over by Owen D. Young.

New York, N. Y., Nov. 8.—Voicing his belief "that the primary cause of the world depression is to be found in the world war and that the primary economic necessity for the future is the prevention of war," Peter Molyneux of Dallas, editor of the Texas Weekly and trustee of the Carnegie Endowment for International Peace, addressed the Academy of Political Science at its annual dinner meeting in New York Wednesday night, November 7th. The dinner was presided over by Owen D. Young, president of the academy, and the two speakers were Mr. Molyneux and Newton D. Baker, former secretary of war.

The subject shared by Mr. Molyneux and Mr. Baker was "The Outlook for World Peace," and Mr. Molyneux, Texas' best-known economist in the east, emphasized that a policy of economic co-operation between the United States and the world was necessary for international peace. "The immediate task in relation to the prevention of war," he declared, "is to check the process of disintegration which had its origin in the world war and to begin the work of world reconstruction thru patient and persistent international cooperation."

The Texas editor warned that the tendency toward narrow economic nationalism in the United States and other countries was aggravating conditions of suspicion and unrest, and declared it was reasonable for the United States, as the richest nation, to assume leadership in guiding the world from economic chaos by pursuing policies to promote sympathetic understanding between nations thru economic channels of trade.

Mr. Molyneux reminded, however, that these policies must spring from the American people themselves and that leaders in thought must educate the people to that end. "There will never be a permanent public opinion in the United States in support of a program of international co-operation until the American people become convinced that such a program is essential to their welfare," he told his large audience. "There must be a conviction that only thru such a program can genuine recovery be attained in the United States and economic progress be resumed."

JANET GAYNOR, LEW AYRES
STAR IN 'SERVANTS' ENTRANCE'

Reunited for the first time since their initial co-starring venture made "State Fair" memorable, Janet Gaynor and Lew Ayres will be seen again as the gay young sweethearts of "Servants' Entrance" when this newest of the important Fox pictures opens on Saturday night at 11 o'clock, at the Majestic Theatre. It will also show Monday night.

Unlike anything in which they have appeared before, the story of "Servants' Entrance" will afford spectators the opportunity to laugh at the troubles as they thrill to the romance of the tender lovers whose young lives it depicts. For while "State Fair" bordered on the heavy drama in spots, "Servants' Entrance" is mostly in the romantic-comedy class.

In their newest roles Janet portrays a merry million heiress of an automobile manufacturer who goes from riches to poverty, and back again, while Lew is a chauffeur who goes from poverty to riches. Starting from opposite ranks of the social ladder, they meet at the bottom. The climb upward is fraught with humorous and fascinating adventures.

THREE-ACT COMEDY TO BE
GIVEN FRIDAY AT ALLISON

The Outsiders at Allison will present "The Man in the Moon" on Friday night, Nov. 9, at 7:30 o'clock. A good three-act comedy, featuring Edd Young as a negro lover. The proceeds are to be used in purchasing playground equipment.

Thursday Morning, November 8, 1934

CURRENT COMMENT FROM WASHINGTON

The Monday papers contained the usual number of accounts of auto accidents in which, to quote the language of Pirate Bill Flint's diary, the pedestrian "got it." Sunday is a sort of lull day, upon which the walker will do well to beware. Saturday is a bad day too. It is fairly safe to stroll abroad on Tuesday, statistics show. How can the man afoot save his neck? It is difficult to tell him what to do, but the records are clear as to several things which he should not do. In the order of fatality they are: crossing between intersections, playing in the street, crossing against a signal, and coming out from behind a parked car. A person is comparatively secure when standing in a safety zone. Only a thousand or so were killed in such areas in a year.

A delegate to the American Bankers Association, in session in Washington, dropped some significant statements in the course of an interview. Apparently, during the past few months there has been a heavy liquidation of debts, there is plenty of money to loan, and few are inclined to accept it; three statements which, taken together, may mean something. It is possible that many, having felt the shackles of debt loosened a little for the first time in their lives, have concluded that Ben Franklin was right when he said, that he who goes borrowing goes sorrowing. Credit long has been regarded as the backbone of business. In the general shake-up of established notions that is going on, the public may be moving forward to the opinion that it is best to pay as you go or do without.

A desperado is shot in Ohio, something which ought never to have been permitted. The next thing one knows, vessels will put out from Florida on whaling voyages, and Iowa will be featuring strikes in industrial plants. It is not right to overturn all the knowledge that we have gained from the movies. No sheriff having a proper regard for the traditions of his office should shoot an outlaw east of the meridian, passing thru Denver.

Several airplane crews have pushed their machines to the limit in a race which took them across Australia. Air races are common and modern and there is not much of interest to be said about them. Australia has been with us so long that we take that country for granted, recalling it as a big island where kangaroos live, and letting it go at

that. The assumption that Australia is a good-sized commonwealth is entirely correct. It could blanket all of continental United States and have enough left over to make an extra or forty-ninth state almost as large as Rhode Island.

The Picard people, man and wife, have completed a twenty-mile ride. The same can be said, almost any day, of thousands of working men who live at some distance from their jobs. In this instance, however, ten of the miles were measured up into the air and ten back toward the earth. A tramp could have walked farther in two days and no one would have said anything about it. The important thing is to have an objective and to move in a direction not taken by the crowd. Switching from moralizing to fact, the first balloon ascension in the United States started in Philadelphia and ended in New Jersey on January 9, 1793. George Washington witnessed the take-off. He was 61 at the time, but not too old to be on hand when there was anything doing.

The federal co-ordination of transportation is wrestling with several railroad problems. One of them is how to avoid the waste of time incident to hauling empty cars to a place where there is a load. The old time Mississippi traders eliminated that particular worry. They built flat boats on the upper reaches of the river, floated them down to New Orleans and sold them for wood. The railroads cannot dispose of freight cars that way, and the destructible container is not to be regarded as offering a satisfactory solution. The farmer can carry his eggs to market in paper sacks, but the empty auto has to be driven back. The overcoat is worn downtown on a cool morning and carried home on the arm as he winds his way around into the south. Broadly considered, the government official referred to is thinking not only for the railroads but for everyone who has to be bothered with an article having a one-way utility, and he has some heavy thinking on his hands.

Ancient and profitable business establishments go to pieces so often under new management that there are few who have not pondered the cause thereof. A public speaker in Washington throws at least a little light on the subject, and does so in few words, when he says that manner is just as important as method.

"The president has raised himself to a lofty position in public esteem by refusing to play peanut politics." —Schenectady Gazette. (Ind. Dem.)

Hard Times!

All over this country the farm homes are not what they should be. They are in ruin and decay because the farmer has not had a square deal. Taxes are out of reason—too high to even think of paying, indebtedness has steadily mounted until many have been forced to give up their homes and seek some place to stay, even though that place be some temporary place. Many farmers have cotton that they cannot sell. Some did not pick the crop on being told they could not sell it. Some have one, two and three bales that can not be sold and yet the money lenders want some money.—Fred J. Bastard in Wise County Messenger.

American farmers whose crops go largely into export, and who need every foreign market that can be found, perhaps have not had altogether a square deal. They have been left to struggle with suffocating surpluses. No protective tariff has befriended them in price-making. Now, however, under the terms of the New Deal, farmers have been made the beneficiaries of a processing tax which affords them compensation in return for compliance with restrictions on production. This is the first time in all American history that farmers as a class have been made beneficiaries of special legislation. No farmer now can reasonably claim that the government hasn't tried to give him a "square deal." How about his own responsibility? No amount of square dealing will do much for a farmer who lives in a ramshackle house and never nails a board on his walls or a new shingle on his roof. Nothing of great import can be done for a farmer who hasn't a chicken or a pig or a cow—only a field to occupy his time six or eight months in a year. If a farmer persistently refuses or fails to manage his affairs industriously and with judgment, nothing of any permanent good can be done for him by the government.—State Press in Dallas News.

"There are few if any who dare assail the man in the White House who today, a year and a half after assuming the most powerful position in the world, retains his amazing popularity, the affections of the people his to a degree never approached by any other president in time of war or peace."—Wichita, Kans. Beacon. (Ind.)

BEST MEN OR BUMS?

The genius of the Boy Scout movement is that it makes the best men of a community as easily available to the boys as the bums. The bum is ever present. The boy can find him at the filling station, the post office, the village store. He has plenty of time. He offers advice freely. He knows the boy by his first name. Too often this contact is disastrous.

Boys need men friends. We believe that the average boy would choose the best man every time instead of the bum. But in too many cases the best man is too busy. The boy does not know how to get him.

Scouting offers a program of activities which interests both men and boys. It is a meeting place where the boy is a Lone Scout with his friend and counselor or whether he is a member of a Lone Scout tribe of a Scout troop he has men friends of the right sort. These volunteers help to guide his footsteps in the right direction.

Calvin Coolidge and Dillinger were reared in practically the same kind of homes. Their parents were solid country people. However, Dillinger went into the little town nearby and got in with the bums. Coolidge's father took him to the nearby town and introduced him to the best men. The rest of the story is known to every citizen.

More power, then, to the Boy

"The New Deal goes on. Confidence continues. The people are with the president and that is the help he needs."—Atlantic City Press. (Ind.)

"A distinctive quality of Roosevelt is that he regards economics not merely as a system of abstract law, but as a set of human conditions, subject to change by human intelligence and will."—Atlanta Journal. (Dem.)

"The republican campaign has been singularly without plan or program. Not one leader has come forward who would seem to offer any threat to the personal popularity and charm of the president."—Madison, Wis. Times. (Ind.)

"Mr. Roosevelt plays the game so fairly and so consistently that his actions inspire confidence, enhance his popularity and restore the faith of the average man in human nature and in the higher capabilities of human kind."—Winston-Salem, N. C. Journal. (Ind.)

"In commenting upon the amazingly large place in American affairs occupied by Roosevelt, a republican editor asserts that even the republican state convention said of the president: 'We find no fault in him.' Certainly he has a hold upon the esteem of the American people that few presidents in our history could claim."—Oklahoma Oklahoman. (Ind. Dem.)

Scout movement! May the number of best men in every community increase, who will thru scouting make themselves available to give boys advice, counsel, leadership, and the right kind of ideals.

"Not today, not tomorrow, will the evils which produced the depression be wiped out of American life. But the country is on the way to economic salvation under the most vital leadership it has had for many years."—Providence, R. I., News-Tribune. (Dem.)

"Roosevelt's chief asset is his avoidance of bitterness. In a spirit of fairness and justice, he has singularly attracted his fellow citizens to his side. He has made the nation feel that we are going somewhere and are going together."—Terre Haute, Ind., Tribune. (Rep.)

More than 100,000 people are stricken with labor pneumonia every year in the United States.

Federal taxes now amount to 30 per cent of the total collected from car owners by states, counties and municipalities.

A new Italian railway, only 5 miles long, crosses 38 bridges and viaducts, and passes thru 31 tunnels which measure 23 miles in length. The railway operates between Florence and Bologna; it was built at a cost of approximately \$90,000,000.

OWL CLUB

The Owl Club met Wednesday, Oct. 31, in regular session. Chapters VI and VII in the book, "Social Problems," were given by Mrs. Hatcher. Mrs. Ray Watkins gave chapter VIII. A paper on "The Influence of Modern Customs on Divorce" was read by Martha Elizabeth Renshaw.

Methodist W. M. S.

The Woman's Missionary Society met Monday, November 5, at the Methodist church. With the chapter, "The Japanese Church," the book, "Suzuki Looks at Japan" was completed. During a business session, officers of the society for the coming year were elected. Mrs. L. W. Keith gave the concluding chapters of "Christ and Japan," written by Kagawa, called by some "the greatest Christian of the world today."

On Monday, November 12, the society will meet in Bible study at the home of Mrs. George Gage.

Home Economics In Decatur High School

"Sewing is the life," the I-B class now says. They are really sewing now and their first garments are nearly completed.

The I-A class is now studying fish. Many reports are being given by natural orators, who are making special studies of this particular food.

Class III is making a special study of food nutrition, and the most interesting posters have been made. Such titles as these catch our eye: "Energy Up!" "Protein Food Value," "100 Calorie Portions of Common Foods," "Growth and Repair Foods," and "Regulating and Protecting Foods."

Home economics boys can properly act the part of any member of the family when it comes to serving. During a series of studies of preparing and serving different breakfasts, the boys learned the responsibilities and duties of the hostess, host, little sister, and of course, the part of the boy of their own age.

One hundred and three cows were tested for butterfat production during the month of October by Alton Brawner, Hancel Thomas and Jack Shaw; 847.2 pounds of 5 per cent milk was the record made by one cow belonging to Mr. Ed Hornback. This 28.2 pounds was the highest daily record of any cow on test for the month of October in the four herds tested. The summary of the cows will be completed in December, giving total pounds of milk, net profit, and average butterfat test for the year 1933-34.

There were eleven Decatur vocational agriculture boys that participated in the Future Farmer judging contest at the Boyd community fair Saturday, November 3. Greenwood school was high point school in the contest, Boyd second, Decatur third, and Bridgeport fourth. Decatur and Greenwood tied for first place in judging poultry. Decatur boys taking part in the contest were Thomas Franklin, Wesley Reed, Harvey Burress, Hancel Thomas, Cecil Stevens, Truett House, Charlie Thomas, Edwin Reed, John Medlin, Paul Fugate and C. H. Hartswell.

The following is a summary of the work done by the F. F. A. department in Decatur high school during the month of October: A total of 103 dairy cows were tested by the boys; culled a total of 110 hens from flocks in the community, with the boys doing the work; approximately 4,460 yards of terrace lines were run on two farms by the boys; officers of the Decatur chapter initiated 36 greenhands for the Bridgeport chapter, 15 for the Lancaster chapter and 11 for the Decatur chapter; 12 vocational agriculture girls entertained the vocational agriculture girls of Chico with a party in the gym; 27 attended the party; 45 boys and girls were sponsored on a trip

FUNDAMENTALIST BAPTIST CHURCH

Raymond House, Pastor.

Sunday was a beautiful Lord's day. Attendance at the church was fair, but many more should have been in the congregations. At the morning service our pastor delivered a message showing the inconsistency of the professed Christian living the worldly sinful life. The question arises: Has such one really been "born again?"

Topic for the evening service, "What Must I Do With Jesus?" Are you crying with the rabble, "Crucify Him," or have you accepted His sacrifice on the cross as your only hope for redemption from the condemnation of eternal death which hangs over all apart from Christ? "There is none other name under heaven given among men whereby we must be saved."

Bro. Hanse went to Denton Sunday afternoon and delivered a message in a fellowship meeting held there. The meeting at Anneville resulted in a number of conversions, the organization of a Sunday school and a church. Bro. Sam Anderson was called as pastor and accepted.

A number of our members with the pastor, have been attending the Bible school at Fort Worth. One hundred sixty-four in the 10 a. m. Bible school Sunday. Let us increase this number to not less than 200.

to the Dallas Fair, where they were presented with free tickets to the fair grounds.

Our church will hold an all-day fellowship meeting, dinner on the ground, Thanksgiving, Nov. 29th. A number of prominent ministers will be present and participate.

BAPTIST CHURCH

R. E. Bell, Pastor.

There was a fine crowd present at the preaching service last Sunday morning, and at night very inspiring reports were made by Prof. Garner and the students who went with him to the B. S. U. convention at Memphis, Tenn. The students who went to the convention from the college were Leslie Davis, Norris Gilbert, Art Webster and Misses Nell Rita Schwark and Elizabeth Bell.

Mr. and Mrs. Cody Milligan and Revs. J. L. Ward and R. E. Bell are attending the Baptist state convention in San Antonio this week. Pastor R. E. Bell will return from the convention in time to fill his pulpit next Sunday.

The choir is meeting for practice this week on Thursday night at 7:30.

Bob and Jim Smith, Floyd Rowan and J. M. Gibbons attended the ball game in Fort Worth Saturday.

666 Liquid or Tablets Checks Malaria in Three Days. Sure Preventive.

Mothers Have Found Way To Keep Family's Colds Under Better Control

Millions of mothers are helping their families to greater freedom from colds—fewer colds, shorter colds, milder colds—by following Vicks Plan for Better Control of Colds.

The helpfulness of Vicks Plan in reducing the number, duration and dangers of colds has been proved in thousands of clinical tests supervised by practicing physicians—as well as in every day use in millions of homes. The Plan provides proper care—and proper medication—for different types and stages of colds.

To Help Avoid Many Colds—At the first sneeze or nasal irritation, apply the unique aid in preventing colds—Vicks Va-tro-nol. Just a few drops up each nostril. Timely use of Va-tro-nol helps to prevent many colds—and to throw off colds in their early stages. (Va-tro-nol now comes in two generous sizes, 30c and 50c.)

To End a Cold Sooner—If a cold has already developed, apply Vicks VapoRub on throat and chest. It fights a cold direct—two ways at once. The combined effect of VapoRub's double direct action—by stimulation and inhalation—loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Sure relief and with safety. No "dosing."

Full details and proof of the effectiveness of Vicks Plan come in each Vicks package.

DRASTIC PRICE CUT ON GENUINE BAYER ASPIRIN!

POCKET TINS OF 12 NOW

15c

PAY NO MORE

ON SALE AT NEW LOW PRICES AT ALL DRUG STORES

NOW—Pay Less and Get Real BAYER Aspirin!

If you're one of the people who has been denying yourself the speedy action and quick relief of BAYER ASPIRIN, in order to save a few cents, here's Good News for you: We've reduced the prices on all sizes of Genuine Bayer Aspirin to a point that makes it unnecessary to ever again accept an unknown brand in place of the real BAYER article.

People by the millions, as you know, have long been willing to pay a higher price in order to enjoy Bayer's remarkably fast action in relieving headaches, neuralgia, and pains of rheumatism or neuritis.

Now—you can enjoy its benefits without thought of price.

Only 15c Now for 12
25c For Two Full Dozen

Remember this next time you go to buy aspirin. You now actually pay less and get Genuine Bayer Aspirin. So never ask for it by the name "aspirin" alone; but always say "BAYER ASPIRIN" when you buy and see that you get it.

On sale now at new low prices—including the 100 tablet bottles, which have again been lowered in price—at all drug stores throughout the United States.

ALWAYS SAY "BAYER ASPIRIN" NOW WHEN YOU BUY

News Notes of Rural Communities in Wise Co

Paradise School News

People from all over this part of the county were in Paradise Friday night, Nov. 2, to watch a triple-header program of games.

The three Paradise teams came out victors. The voley-ball girls won a hard-fought match with the Newark sextet, both teams playing an excellent brand of ball. The local team has promise of going far before the season closes, it is believed by many who have watched the team play.

Workouts are being given regularly, and it is likely that the girls will play again this week end, according to Miss Maryce Hill, coach. Games will probably be with Rhome at Rhome, Friday, Nov. 9, and with Chico at Paradise, Saturday night.

The Paradise eagles, accompanied by their coach, Mr. Leonard, will journey to Rhome Friday night for a return match. The Rhome Lions lost to the locals last week end by a 9-7 count. The teams were well-matched and kept interest running high thruout the encounter.

The independent Paradise team defeated the Newark independents in the game that followed the high school matches.

The spirited membership drive contest being conducted by the "Go-getters" and the "Gophers" of the Paradise P.T. A. came to an end Friday afternoon, Nov. 2, at which time it was announced that the "Go-getters" had secured fifty-one members and the "Gophers" fifty-nine. The losing side entertains the whole group of 110 members Wednesday, with the banquet to be held in one of the store buildings downtown. Previous to the announcing of the winner in the contest, a program of music, readings and dialogue was held. A committee was appointed by Mrs. C. E. Kelley, P.T. A. president, to arrange a program for the next meeting, which will be held the last Friday night of this month. It was also decided that the P.T. A. will have a noon at the fair which is to be held in Paradise Saturday, Nov. 10. This fair is being given under the auspices of the business men of Paradise, who have arranged to give away \$75.00 worth of prizes. Everyone is invited to attend.

Teachers and trustees met Thursday evening at the school house in their first session for the curriculum study program which is being carried out thruout the state. The principal speaker of the evening was L. G. Gasperson, superintendent. Mr. Gasperson gave a resume of the history of the movement and the plans which the state hopes to accomplish during the next four years. Following his talk, he assigned subjects to each of those present and reports will be heard upon them at the next meeting, Thursday, Nov. 15.

The ninth grade picnic, which was announced for Saturday night, was postponed until some future date.

Cordwood was purchased and hauled to the school buildings in the summer and is now being saved up for use this winter.

Students must make an average of 90 on all four subjects, deportment and physical education in order to get on the honor roll, it was announced by Mr. Gasperson. Those making the honor roll in high school were: Carl Caruthers, 8th grade; William Shagle, 9th grade; Inez Moody, 10th grade; and Gertrude Neel, 11th grade. Those making the average in the grade school were: Melba Ruth Cobb, 1st grade; William Terry and Edgar Faye Helton, 4th grade; Ethelene Hawk, Jean Davis, Marie Shagle and Myrell Harris, 6th grade; Anita Jay Siddons, Elita Lorine Harris, Gladys McDaniel and Earl Howell, 7th grade.

Dr. and Mrs. Peck entertained Wednesday evening with a Halloween party, with a large crowd attending. Four rooms were used for the playing of games by grownups, and the children played on the lawn in various groups. Black and orange streamers and pumpkin jack-o-lanterns were used to give the house a holiday atmosphere, and a "crazy house" was one of the most exciting features of the party. Costumes, ranging from witches to the spookiest of spooks, were everywhere in evidence and caused a great deal of amusement thruout the evening. Sandwiches, cake and pie were served to the guests, following the trip thru the upstairs "crazy house."

The seniors met last week with their sponsor, Mr. Gasperson, and selected their class colors, flower, class song and yell. The colors are green and white and their flower, the rose.

The school paper, "The Panther's Scratch," will be issued again this week.

Read the ads in this paper. It pays.

CUR TWO-YEAR COURSE IN BUSINESS ADMINISTRATION IS POPULAR

Young people who do not feel able to spend four years in College are reacting quite favorable to our Business Administration and Administrative Accounting Course. Either course leads to a C. P. A. degree.

Our next semester begins October 29th. If you are interested in Accounting and in a C. P. A. degree, ask for our annual which explains our courses. Only high school and college graduates are enrolling for these courses. There is a definite demand for Certified Public Accountants.

THE H. D. CLUBS

The Sweetwater Home Demonstration Club met at 2 p. m., October 25 with Mrs. Berdine Boydston. The following officers were elected for the coming year: Mrs. Bill Gage, president; Mrs. Lloyd Seaff, vice-president; Miss Gladys Teurman, secretary and treasurer; Mrs. Bob Blythe, council delegate; Miss Mary Emma Blythe, reporter. The following demonstrators were elected for the coming year: tomato juice, Mrs. Bob Blythe; bed-room, Miss Emma Blythe; pantry, Mrs. Bertha Teurman; yard, Mrs. Wiley Caraway.

Miss Stone gave a demonstration on making cream of tomato soup. Cake and grape juice were served to thirteen members and Miss Stone. We had an all-day meeting November 1, and worked on bed-spread for the council. Plans were made to go to Allison November 6, for Achievement Day.

Members of the Midway Home Demonstration Club went to the home of Mr. and Mrs. John Hicks to see the specks, black cats and witches on Halloween night. The guests were met by ghosts rattling bones and chains. The old mother which had the guests seated in a room with white seats. Games were played and ghost stories were told; contests were enjoyed by all. Pumpkin pie and buttermilk were served to Mr. and Mrs. Gene Layfield and daughters, Mr. and Mrs. Bill Jernigan, Mr. and Mrs. Cecil Boyle, Mr. and Mrs. Dave Morgan and daughter, Mr. and Mrs. Alvin Askey and children, Mr. and Mrs. Vernon Askey, Mr. and Mrs. Clifford Reed and son, Mr. and Mrs. Archie Hoyl and daughters, Mrs. R. Cal McCurdy and children, Miss Louise Reed, the host and hostess.

The Midway club met with Mrs. Gene Layfield Oct. 25. Picture study was supposed to be out subject, but the other club failed to send the pictures; however we discussed them. Open house discussion of pantries and clothes demonstrators for next year was enjoyed by everyone. Refreshments were served to Mmes. Clifford Reed, Eddie Hornback, David Morgan, John Hicks, Cecil Hoyl, Archie Hoyl and the hostess.

Thursday of last week the Cuba Home Demonstration Club met with Mrs. Roy Reeves for the purpose of touting a bed-spread. Each one brought a dish of something for lunch and a nice spread was served to the following twenty-two ladies: Misses Frances and Louise Sullins, Edith Jernigan, Viola Hudson; and Mmes. J. W. Walker, Edd Sullins, D. O. Walker, John Wyddell, W. T. Jernigan, Buford Swain, J. T. Atkinson, Will Hudson, G. L. Drkenson, K. Coursey, Lee Harding, T. D. Peak; visitors were: Mmes. Rubert Warren, E. Reddell, Tom Green, C. W. Wright, Lee Hardin and Grandmother Gilley, who is nearing her ninety-eighth birthday. All had a fine time.

It is estimated that in our western reserves oil-soaked layers of shale clay contain more than 100,000,000,000 barrels of oil. All that remains to get at this oil is to invent a process to release it from the shale.

The navy's metal-clad airship, ZMC-2, has been in active service five years, during which time it has flown approximately 50,000 miles. A strong aluminum alloy, now in general use in aircraft construction, was first used commercially on this ship.

GOV'T. REPORTS SHOW CLASS OF LOCAL AND STATE COTTON

The Decatur gin, which co-operates with the Dallas office of the United States department of agriculture, division of cotton marketing, is furnished with the grade and staple of each bale of cotton ginned at its gin, and in addition the weekly cotton report showing the quality of the entire state production. Other representative ginners throughout the state also have their samples classed by the government and upon all of these the state report is compiled. This report furthermore shows the class of cotton grown in the different soil areas of the state.

Thus this bale by bale classing service, which also shows preparation or quality of ginning, ginners are able to give their patrons a better job of ginning; they are also able to advise their patrons what varieties of cotton grown locally are proving most successful in producing a better staple. Thus, farmers trying to improve their cotton are aided by having a reliable source of information on which to base their seed selections. In this manner, farmers can determine whether or not their selection is the most profitable variety to grow on their individual farms. Similarly, they can select the variety of cotton which has proved itself on the soil in question. The ginners and farmers are further benefitted by having the government classification of each bale when they wish to sell their cotton, which is helpful in obtaining a price more nearly in line with the actual value of their product. Such is not always the case when they sell with no knowledge of the class of their cotton.

The local report, as compared to the state report, is summarized as follows:

Grade	Wise	State
White & Extra White	Co. %	%
Good Middling	15.5	23.1
Strict Middling	55.5	44.1
Middling	11.5	15.4
Strict low & low mid.	2.0	4.5
Below Low Middling		.2
Spotted		
Strict Middling & above.	11.0	10.1
Middling & below	4.5	2.4
Yellow tinged, light yellow stained, yellowstained, gray blue stained		.1
Staple (inches)		
Shorter than 7/8	25.0	34.4
7/8 and 29-32	73.7	55.4
15-16 and 31-32	1.3	25.2
1 and longer		5.0

These weekly state reports will be

mailed throughout the ginning season to anyone requesting them from the United States department of agriculture, box 1366, Dallas, Texas.

More than \$400,000 is to be spent at the Rhode Island state airport for further improvements to the drainage system and terrain.

A proposed canal linking the Wash with the Severn and Thames rivers will make the third canal to cross Great Britain. Two others have been in use for years, the Caledonian and the Forth and Clyde.

SKINNY? FEED NEGLECTED GLANDS NATURAL "FOOD IODINE"

Then Watch Good Solid
Flesh Appear Even If
Skinny for Years!

Startling results are now being had by thousands of thin, undernourished "Naturally Skinny" folks everywhere with Kelp-A-Malt, the new mineral concentrate from the sea. 15 to 20 added lbs. in few short weeks not uncommon, while strength and energy return in a way that amazes all.

Kelp-A-Malt, the new mineral concentrate from the sea, rich in natural FOOD IODINE, first of all regulates the internal glands which promote assimilation—the process by which the body converts digested food into firm, solid flesh, new strength and energy. Then, as other natural minerals help produce digestive juices which alone can digest fat and starch, the weight-making elements in food. Try Kelp-A-Malt today and notice the difference—how much better you feel. You will be delighted with your gains of good solid flesh even the first week. Kelp-A-Malt costs but a few cents a day to use.

KELP-A-MALT Tablets

CIVIL SERVICE EXAMINATIONS

The United States civil service commission has announced open competitive examinations as follows:

Automatic 3-A addressograph operator, \$1,440; F-1 and F-2 addressograph operator, \$1,260; graphotype operator, \$1,260 a year, departmental service. Closing date, November 23, 1934.

Junior financial statistician, \$2,000 a year, securities and exchange commission. Closing date, November 26, 1934.

Steel plate engraver (picture and vignette), \$19.20 a day and \$3.60 an hour for overtime, bureau of engraving and printing. Closing date, November 29, 1934.

Assistant engineman, steam-electric \$1,680 a year, departmental service. Some vacancies to be filled at \$1,860 a year. Closing date, November 26, 1934.

Junior parasitologist, \$2,000 a year, bureau of animal industry, depart-

ment of agriculture. Closing date, November 26, 1934.

Assistant foreman, brush factory (solid-back and staple-set brushes), \$1,860 a year, Leavenworth penitentiary. Closing date November 30, 1934.

The salaries named are subject to a deduction of not to exceed 5 per cent during the fiscal year ending June 30, 1934, as a measure of economy, and also to a deduction of 3 1/2 per cent toward a retirement annuity.

All states except Iowa, Vermont, Virginia, Maryland, Rhode Island, and the District of Columbia have received less than their quota of appointments in the apportioned departmental service in Washington, D. C. Full information may be obtained from Charlie Stokes, assistant postmaster, secretary of the United States civil service board of examiners, at the postoffice in Decatur.

Thousands of Women Benefited by Cardui

The benefits many women obtain from Cardui give them great confidence in it. "I have four children," writes Mrs. J. L. Norred, of Lagrange, Ga. "Before the birth of my children, I was weak, nervous and tired. I had a lot of trouble with my back. I took Cardui each time and found it so helpful. Cardui did more to allay the nausea at these times than anything I have ever used. I am in very good health and believe Cardui did a lot of it." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

"Rheumatism?" "Don't Make Me Laugh!"
I haven't had an ache in that joint for six months—and believe me, I'm not taking chances on getting down again. Not so long as I can get Crazy Water Crystals! A BIG glass every morning—my, how good you feel! Try it—lots at least a month. Get them from

LOST—Plymouth wire wheel and tire inflated, lost between Decatur and Denton, Sunday, Aug. 6. Finder please notify HERBERT WILSON, Denton, Tex., or Mrs. J. A. Renshaw.

WHEN YOU HAVE Canning to do, try Skinners. We do practical canning based on successful experience. We will call for and butcher your animals for a small extra charge. We exchange work for a portion of the goods canned.—A. L. SKINNER, 4 miles west of Decatur.

W. K. SAMPSON
LAWYER
Office in Mesonic
(With Wise County Abolition)
Decatur—

"Frances and Joan have normal action and are gaining weight continually. I am thankful for Dr. Caldwell's Syrup Pepsin."
Mrs. COLEMAN FLYNN
40-11 Mass. Ave., Cambridge, Mass.

HELPS WHOLE FAMILIES

Attention, MOTHERS,
to what every doctor knows
to be a fact, and what
they say to avoid

BE CAREFUL

IF any laxative is dipsetic (makes you thirsty).

IF it affects your appetite.

IF you need more today than the first time you took it.

IF it drains the system (by too watery a movement).

IF a bad "burning" is felt.

IF there is severe griping.

If you have children who are occasionally constipated, you should know this.

If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age, but first try this treatment that safely relieves sluggishness in children or adults.

The Proper Treatment

You can't safely relieve the bowels with any medicine if you can't regulate the dose. To regulate dosage, you should have a liquid laxative. When necessary to repeat, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition at any age.

A liquid laxative can be measured. Its action can be thus controlled. If properly made, of such natural laxative elements as senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help themselves.

Dr. Caldwell's Syrup Pepsin is an approved liquid laxative containing

herbs, active senna, and cascara, and is the one widely used. You can always obtain it at any drug store. Why not make the "liquid test" which has attracted so much attention of late? It helps nearly everyone who tries it. It may make you feel better overnight. The children will like it, too; Syrup Pepsin has a delightful taste.

If you will risk sixty cents to discover the safe, pleasant action of Dr. Caldwell's Syrup Pepsin, we believe bowel worries will be over for your household.
